

## Protect Yourself TODAY!

With no longer any choice in the matter, on account of the constantly increasing prices of labor and materials that go into the making of a newspaper, the Republic is forced to increase its subscription rates.

### On July 1 the Price of The Republic will be increased to \$4

The Republic brings the news of all the world each day. With its connection in this country and abroad it has the most wonderful new gathering organization money and brains can put together. Nothing of importance happens anywhere that is not chronicled in its columns. It is a combination that you cannot let pass by — your own home town newspaper with all its local news and the best metropolitan daily newspaper — at a price for both that after the first of July will be less than that charged for the Republic alone.

Now is your opportunity. Come into the Courier office and take advantage of this offer. Remember, this price is good for a short time only. ACT TODAY.

**The St. Louis Republic**  
Six days a week for one year. **\$4.00**  
**Chariton Courier**

This offer is only good for those living on Rural Routes or Star Routes or in towns where we have no news dealer.

**Never Again**

Will you have an opportunity such as is NOW open.

**Prompt Action is Necessary**

#### Sick Headache

Mrs. A. L. Luckie, East Rochester, N. Y., was a victim of sick headache and despondency, caused by a badly weakened and debilitated condition of her stomach, when she began taking Chamberlain's Tablets. She says, "I found them pleasant to take, also mild and effective. In a few weeks time I was restored to my former good health." For sale by all dealers.

**Wanted**  
100000 bus. good corn. Highest market price delivered at my elevator.

**Will Moore**

#### Farm Bureau Notes By Sam Jordan

The bureau meeting called for last Saturday has been postponed until June 5th. Corn planting was in full blast and we think that by June 5th corn planting should be well out of the way. Several matters were informally discussed. It was decided that it would be a good idea to establish bureau office days in both Brunswick and Salisbury and it has been determined to be at Salisbury the first and third Saturday afternoons of each month and at Brunswick the 2nd and 4th Saturday afternoons. This will give the membership in both the Eastern and Western sides of the county better service than they are securing at present. I am assuming that the office will be at the City Hall in Brunswick and in the court room at Salisbury.

It was decided that this county should put on an exhibit at the State Fair and to assist in the arrangement for securing the exhibit Mr. C. W. Garhart and T. E. Leach of Salisbury, C. W. Steiman of Dalton and Fred Miller of Sumner were appointed. If the exhibit is made it must be known soon in order that we can secure the finest specimens of our growing crops at opportune times.

#### The Next Bureau Meeting

The coming Round-Up was

### Women Prepare

Hundreds of women in Missouri have overcome their sufferings, and have been cured of woman's ills by Dr. Pierce's Favorite Prescription. This temperance medicine, though started nearly half a century ago, sells most widely today. It can now be had in tablet form as well as liquid (tablets 60c), and every woman who suffers from backache, headache, nervousness, should take this "Prescription" of Dr. Pierce's. It is prepared from nature's roots and herbs and does not contain a particle of alcohol or any narcotic. It's not a secret prescription, for the ingredients are printed on wrapper. Send 10c for trial packet to Dr. V. M. Pierce, President Invalids' Hotel, Buffalo, N. Y.

KANSAS CITY, Mo.—"Several years ago I was cured by taking Dr. Pierce's Favorite Prescription. At that time I suffered with bearing-down pains, was nervous and tired all the time. Just three bottles of 'Prescription' cured me entirely and I have been in splendid health ever since."—Mrs. S. J. Murphy, 3603 E. 13th Street.

St. JOSEPH, Mo.—"During expectancy I became all run-down, weak and nervous. At times I would faint away and lie in these spells for two or three hours. I took medicine but kept getting worse all the time. I decided to try 'Favorite Prescription,' for which I shall always be thankful. It not only built me up in good health, but saved my child. I had a fine baby; it weighed eleven pounds and has always been a healthy child."—Mrs. Florence Walker, 2324 S. 13th St.

discussed more or less at length yet no decision as to where it should be held. This must be decided at the next meeting. Officers for the ensuing year are to be elected and there are many other important matters which should require the entire after-

noon and we hope every member will make a desperate effort to be present.

#### The Call to Threshermen

It was decided to call a meeting for the same day, asking for a meeting at 10 o'clock of the threshermen of the county, also all people that have threshing to do, that several important matters may be discussed. All are interested in saving every bushel of wheat and every detail should be worked out by the parties concerned that this result may be obtained. There are men perhaps old in the threshing work, as well as those who are just beginning, and a free discussion would undoubtedly be helpful to all. This is a patriotic measure and should have the fullest co-operation of all.

His Ma—"Johnny, take your thumb out of your soup." The Kid—"It's all right, ma; the soup's not hot."

During the period of the war, we will not sell an American Midget Mill unless the purpose is to supply the local needs of our country, or our Government, with flour and feed.

**DO YOUR BIT.** Help the Government by saving the freight on wheat and flour. Reduce the railroads of this unnecessary congestion by establishing in your community one of these wonderful American Midget Marvel Roller Flour Mills.

### And Make Money, Too

\$150 to \$1,000 per month can be made with this permanent, substantial and dignified business.

This wonderful self-contained roller mill is revolutionizing milling. Makes splendid flour at a better yield than the Government requires. One man without previous milling experience can run it successfully. Small cost, small power, easy operation enables it to make a "Better Brand of Flour Cheaper." You can sack your flour under our nationally advertised brand "E-Love."

Our Service Department inspects your products each month free and keeps you up to quality. Sizes of mills from 15 to 100 barrels per day. You can start with the small size if you have \$2,500 to invest. Sold on 30 days free trial.

Write for our catalog and descriptions of economical units on all over the United States. **Ambrosia Mill Co.** 614-1000 Trans. Bldg. Owensboro, Ky. 614
